CATHOLIC

A photograph of a high school building. In the foreground, a large, white, three-dimensional sign reads "HIGH SCHOOL" on a low, reddish-brown concrete base. The building is a two-story structure with a flat roof. The left side is a solid tan wall with three small, multi-paned windows. The right side features a long row of larger windows with white frames. A utility pole is visible behind the building. To the right, a large, leafy tree stands against a clear blue sky. The foreground is a grassy field.

Dedication

We are indeed happy to dedicate the 1965 BRUIN to the late deLesseps "Chep" Morrison who served the people of Louisiana for twenty-three years in state, national and international offices.

Born, January 18, 1912, in New Roads, Louisiana, deLesseps Morrison worked his way through high school and through Louisiana State University where he was graduated cum laude from the College of Arts and Sciences. He received his law degree in 1934 and moved to New Orleans to take his first job as a practicing attorney. With the outbreak of the Second World War "Chep" was called to active service as a second lieutenant and assigned to aid with the establishment of ports in England and France for handling troops and supplies. For service in France he was awarded the Legion of Merit and the Bronze Star. After leaving the service he continued to be active with the reserves and was promoted to Major General in 1963.

"Chep" first entered politics in 1940 when he was elected to the state legislature by the people of New Orleans. On his return from active service with the infantry he was immediately nominated by a reform group to oppose Mayor Robert Maestri of New Orleans, and won a startling upset victory. He was re-elected Mayor of New Orleans and served the people of that community for a number of years.

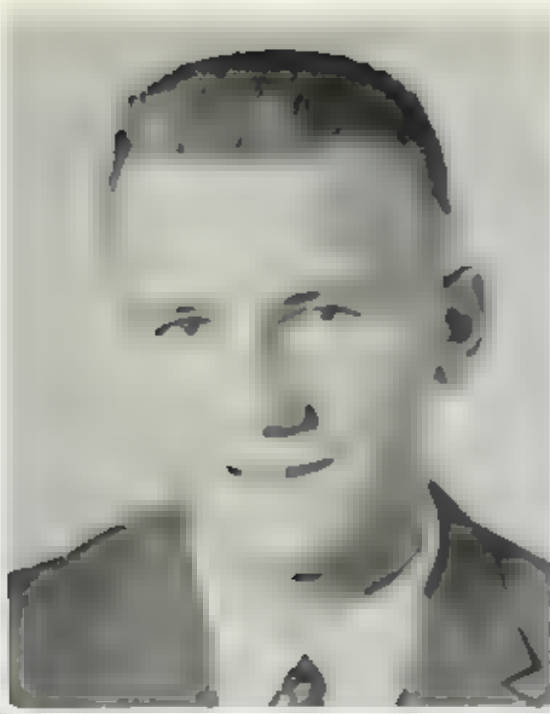

Morrison sought the governorship of Louisiana three times but was defeated on each occasion. In June, 1961 President Kennedy requested that Morrison serve as the United States Ambassador to the Organization of American States, a position which "Chep" was happy to accept.

During his years of public service "Chep" Morrison worked unceasingly and unselfishly for the advancement, not only of his home city, but for all of the municipalities of the State of Louisiana. As a statesman, politician and parent he exhibited the highest ideals of a Catholic gentleman. The members of the BRUIN staff take great pride in dedicating this book to deLesseps "Chep" Morrison.

THE HEALTH TWINS

KLEINPETER'S GOLDEN GUERNSEY MILK

A naturally richer milk—from Guernsey herds, the result of centuries of breeding Kleinpeter's contains more proteins, Vitamin A, non-fat solids, and nutritive energy than regular milk. And it has a richer color, a richer taste.

KLEINPETER'S GURN-Z-GOLD MILK

Skimmed Golden Guernsey

Kleinpeter's Gurn-Z-Gold, with most of the butterfat removed, contains fewer calories than Golden Guernsey—but it gives you Golden Guernsey's plus health qualities. For Gurn-Z-Gold is Golden Guernsey, skimmed.
